REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The attached claim was incorrectly denied for timely filing. This claim was originally submitted to Texas Mutual on 12/1/14 which is well within timely filing. On 2/19/15 we submitted another claim that was post marked before the timely filing expired and we did not receive a response for our initial claim sent. We then found an error in our billing of this claim and sent a corrected claim to Texas Mutual on 3/24/15. We ensured that each time the claims were sent that they were sent to the appropriate claims processing address for Texas Mutual. We are not at fault for the timely filing that has expired as we made numerous documented attempts to get our claim to the bill review department for processing. If we are not paid in accordance with the 2014 Texas Ambulatory Surgical Center Fee Schedule, then we will be forced to file a Medical Fee Dispute Resolution with the Texas Department of Insurance."

Amount in Dispute: \$5,425.92

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The following is the carrier's statement with respect to this dispute of 11/20/2014.

1. PHYSICIANS SURGICAL CTR II provided services to the claimant on the date above.
2. Texas Mutual on 3/30/15 received the bill from PHYSICIANS SURGICAL CTR II (Attachment) Rule 133.20(b) states, "Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill ...

The rationale given by the requestor for the late bill is not consistent with the Rule above.

No payment is due."

3. 28 Texas Administrative Code §102.4 establishes rules for non-Commission communications.

Issues

1. What is the timely filing deadline applicable to the medical bills for the services in dispute?
2. Did the requestor forfeit the right to reimbursement for the services in dispute?

Findings

1. The insurance carrier denied the disputed services with claim adjustment reason codes: 29 – “The time limit for filing has expired”; 731 – “Per 133.20(B) Provider shall not submit a medical bill later than the 95th day after the date the service”; CAC-W3 – “In accordance with TDI-DWC Rule 134.804. This bill has been identified as a request for reconsideration or appeal”; CAC-193 – “Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly”; CAC-29 – “.The time limit for filing has expired”; 350 – “In accordance with TDI-DWC Rule 134.804, this bill has been identified as a request for reconsideration or appeal”; 724 – “No additional payment after a reconsideration of services. For information call 1-800-937-6824”; 731 – “Per 133.20(B) Provider shall not submit a medical bill later than the 95th day after the date the service” and 928 – “HCP must submit documentation to support exception to timely filing of bill (408.0272). Notification of erroneous submission not included.” 28 Texas Administrative Code §133.20(b) requires that, except as provided in Texas Labor Code §408.0272, “a health care provider

shall not submit a medical bill later than the 95th day after the date the services are provided.” Texas Labor Code §408.0272(b) provides that:

Notwithstanding Section 408.027, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.027(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

- (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:
 - (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;
 - (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
 - (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title; or
- (2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

No documentation was found to support that any of the exceptions described in Texas Labor Code §408.0272 apply to the services in this dispute. For that reason, the health care provider was required to submit the medical bill not later than 95 days after the date the disputed services were provided.

2. Texas Labor Code §408.027(a) states that “Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment.” 28 Texas Administrative Code §102.4(h) states that:

Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on:

- (1) the date received, if sent by fax, personal delivery or electronic transmission or,
- (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday.

Review of the submitted information finds the documentation provided is not sufficient to support that a medical bill was submitted within 95 days from the date the services were provided. Consequently, the requestor has forfeited the right to reimbursement due to untimely submission of the medical bill, pursuant to Texas Labor Code §408.027(a).

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
